

New!

A Major Breakthrough in Vehicle Design and Construction

Ultra Van is a self-propelled, high performance complete mobile home which the average person can afford to buy and to operate.

Large windshield incorporates Chevrolet step-van wrap-around sections.

View toward rear right. Bedroom at rear.

Kitchenette includes, oven, broiler, gas refrigerator.

FEATURES:

- Weighs under 3000 lbs., completely self-contained
- Costs less to buy and operate than car plus trailer
- Can be parked in most passenger car zones
- Gets light-passenger-car gas mileage
- Takes hills at passenger car speeds
- Drives like a car, rides like a car
- Cruises easily at 65 mph
- No special license, vehicle or driver

SPECIFICATIONS:

24 feet long, 8 feet wide, 6'4" headroom inside
Over 900 cu. ft. volume
Airliner type monocoque aluminum body construction
Extremely low center of gravity—tanks under floor
Corvair rear engine and transaxle with Power Glide
Chevy II front end spindles and brakes
Four abreast seating in front, with aisle
Front seats reversible, to face living area
Lavatory, flush toilet, hot shower (optional)
Sleeps four
Private rear bedroom with twin beds or double bed

The GO-HOME features aerodynamically engineered, streamlined design.
