BILLIKEN

WHAT?! THE WHALES ARE  
 RUNNING OFF SANTA  
 CRUZ? I'LL MEET  
 YOU...

by Morgan

HOPE THIS  
 CAMERA WORKS...

UH... ACTUALLY I  
 EXPECTED SOMETHING  
 DIFFERENT...

ULTRA VAN INK  
 DRAWING (cover)

 Mark Morgan, Ventura  
 County Corvairs.

REPLACEMENT OF TOILET GRINDER PUMP IN UNITS THROUGH #410

JABSCO pump #17260-0012. This is a macerator pump and works much better than the original "Chopper" pump. You will buy a new plastic mounting ring. The new pump fits inside the new ring, with a clearance of about 1/8 inch. Drill 3 holes around the top of the new mounting ring. Drill 3 corresponding holes through the top piece of the pump (which is removable). Use nuts and bolts to secure them as one piece, and fill in the gap with epoxy. Let set. Mount the new ring just as the old metal one was, hook up the power the same, and the hose the same. After you have removed the toilet (which is necessary), you will see how easy this job is. I had to do this in 1980, and it's been working great ever since. Any good RV store will have all of the parts.

FIRE EXTINGUISHERS

We should all carry them. The best to have is the HALON 1221. Most manufacturers have this type. The best part is it's non-corrosive. Since we have aluminum bodies and engines, CO2 will make a mess and eat through the engine block and body. I've seen this happen on Corvair engines. HALON is clean and does a better job of smothering a fire. It's more expensive, but compared to the damage that can be done by the other extinguishers it's cheap. I carry a 5-pounder by the entrance door, and a 2-1/2 pounder next to the rear closet area. Look in your Yellow Pages under the heading "Fire Extinguishers". Any dealer will be happy to explain full details.

SECRETARY/TREASURER NEEDED

Murray Fisher has asked to be relieved of his duties with our club because of his retirement schedule (travelling). I told him I was SURE that there was someone with a computer like his that could keep our mailing labels on. The job entails only a few hours every 3 months. So let's hear from you people that can help. HELP! HELP! HELP!

DUES - DUE

Now that we're over a year old, it's time to renew our dues. The Chapter dues are \$4.00 per year. If the date next to your name on the mailing label is 5/83 or earlier, it's time to renew.

Please remit your \$4.00 to:
